

to help the animals at the  
Calgary Humane Society!

This party is being hosted by:

You are invited to an **animal**  
**themed** birthday party!

Since 1922 the Calgary Humane Society has been connecting lives by giving animals in Calgary a second chance at a loving home.

Today the CHS acts as a temporary home to over 7,500 animals, investigates between 1,000-1,500 cases of abuse, abandonment and neglect and shares the message of compassion for all living things with over 15,000 school-age children each year.

Did you know the youth of Calgary were responsible for hiring Calgary's very first cruelty investigator? It's true! Through participating in 'tag days' school-age children sold sweet peas to raise money to pay an investigator's salary. This proud tradition continues today with youth supporting us through birthday parties, special events, school fundraisers and the donation of their time and talents.

From all of the animals, THANK YOU for your support!

Hop on by and join us for a party to support critters at the Calgary Humane Society!
